

26 May 1978

NFAC
MEMORANDUM FOR ~~THE RECORD~~

SUBJECT: Telephone Conversation with Senator Culver,
25 May 1978

I had a phone call from Senator Culver asking if we could expedite an unclassified version of the civil defense study. I assured him that we were working on it, that there were genuine disagreements as to what could be declassified without unduly offending the Soviets impinging on pending negotiations, etc.
